

SMALL BUSINESS ENERGY PROGRAM

The Philadelphia Energy Authority (PEA) invites corner stores, grocery stores, restaurants, and bars to receive energy efficient equipment upgrades.

Step 1: Free Energy Assessment

Energy assessors will visit your business to review conditions of lighting, cooking, refrigeration, heating, cooling, and ventilation equipment

Step 2: Free Energy Report

Your business will receive a list of energy efficient equipment upgrades to reduce utility costs

Step 3: Equipment Upgrades

Your business will be connected with an installer and provided grants, rebates, and financing to upgrade equipment

Financial Benefits

- Save up to 30% on your utility bills
- Utility rebates from PECO & PGW
- Affordable financing options
- As much as \$7,000 in funds from the Department of Environmental Protection (DEP)
