Who is American Water Resources?

American Water Resources (AWR) is a subsidiary of American Water and a Better Business Bureau accredited business with an A+ rating. AWR has been in business for more than 17 years and services over 1.8 million customer contracts in 43 states and Washington, D.C.

AWR offers peace of mind to customers by protecting their service lines with protection programs leaving 9 out of 10 customers satisfied. These protection programs will help shield customers from unexpected repair costs, which typically are not covered by homeowners' insurance.

Philadelphia Energy Authority has recently partnered with American Water Resources to offer protection programs that are now available to Philadelphia homeowners. With Programs starting at just \$3.99 a month you too can be protected from the unexpected.

What are AWR Program Features?

Get help quickly—Customer Service Hotline available 24 hours a day, 365 days a year.

Avoid the hassle of searching for a contractor, getting permits and handling inspections. No paperwork is needed.

Enjoy peace of mind knowing professional, local and insured contractors are promptly dispatched.

No annual limit on service visits, and 1-year warranty on covered repairs to be free from defects and workmanship.
