Opportunity to Enroll in Bright Solar Futures Fellowship

Completing the PowerCorpsPHL 2021 Foundations program makes you eligible for fellowships such as the Bright Solar Futures Fellowship. This is a paid 6-month training in solar installation, electricity basics, and energy efficiency. Participants receive hands-on training to earn industry certifications, a 10-week internship, and job placement support.

Interested candidates must complete the Fall 2021 PowerCorpsPHL Foundations program to be eligible to apply for the Spring 2020 Bright Solar Futures fellowship. The Foundations program is a full-time paid workforce development program open to anyone who meets the following criteria:

18-28 years old
Has a high school diploma or GED
Resident of Philadelphia

Learn how to enroll by contacting Ms. Jaribel James at jjames@educationworks.
